Frequently Asked Questions for Volunteer Appreciation Gifts and Mini-Grants

If I already attended a training and registered an event in 2019, can I apply for another mini-grant or receive another volunteer appreciation gift if I register for an additional event in 2020?

Yes. CGAs that attended a training and registered an event in 2019 can register another event after attending a training in 2020 and may receive an additional gift and/or mini-grant.

I’m part of a group of community members, but we’re not a 501(c)3, can we get the organizational mini-grant?

You must be a 501(c)3 tax exempt organization to receive the mini-grant, but you and your group can be individual CGAs and work together on your event!

Can I host an event as an individual CGA and also help an organization I’m affiliated with host a CGA community event?

Yes. Please register the events separately when you register your event at bit.ly/censusevents. If you are within the first 400 individual CGAs and/or first 100 organizations, the individual volunteer appreciation gift will go to you, while the organizational mini-grant will go to the organization.

Can I tell an organization about the opportunity and have them register an event on my behalf?

No, because whoever attends the CGA training must be the one who registers an event. If you work for the organization, then please register the event yourself. If you don’t work for the organization, please either recommend that their staff attend an upcoming training (bit.ly/cgatraining) or host the event as an individual CGA.

Can my coworker register an event and receive the organizational mini-grant if I tell them about what I learned at the training?

No. To register an event they need to attend an in-person CGA training. Upcoming dates can be found at bit.ly/cgatraining.
